

Supply Chain Management

Activities as a Glance for JCT2 Portfolio of Tasks
Western Governors University

Activities

The following chart outlines all of the activities (e.g., learning resource reading, online material and quizzes, SkillSoft modules) required for this course of study. You will need to complete all of the activities to become competent in the objectives and to successfully complete all performance assessment tasks for this course of study. You may use this outline as a quick checklist as you work through the course of study and complete each activity.

If you engage in all of the learning activities to develop your competence, this course of study may take up to nine weeks to complete. Depending on your educational background, work experience, and the time that you are able to dedicate to your studies, you may be able to accelerate your progress. If you wish to do so, please consult with your mentor.
