		Entire handbook - with your sections identified		

- [1] - The first topic sections are mainly finished (Angela is just waiting for yours and will be contacting you about getting this turned in)
- We talked about the formatting style of the entire handbook and will discuss this in more detail next week to make sure we have a unified, cohesive look
  - We went over the rubric for the handbook and identified the areas that will be graded in the handbook (overall articulation, cohesiveness, visual impact and citations).
  - We'll meet next week to go over our 2nd topic submissions, the overall formatting, and the next (C) topic of Task 2 to help each other understand it. We could also go over Task 1 if everyone needs help with this as well.

[2] Second Section of Task2 Due by Next meeting

[3] We will Go Over Task Section C Next Meeting
